

Seeking Board Members for Precious Virtue Inc.

Our Purpose

Precious Virtue was established because we saw the need for the girls of this generation to have positive female influences to guide and support them. With the advent of social media, there has been an increase in violence amongst girls and incidents of self-harm. We decided that our girls deserved better, and we wanted to be there to guide and support them in their personal, professional, and educational experiences. Our mentoring program helps to combat some of the perils that our adolescents face.

Studies have shown that having a mentor has profound positive effects on girls of color. According to a report by the National Mentoring Partnership, girls of color who have access to mentors are more likely to have higher self-esteem, improved academic performance, and increased aspirations for their future.

Our Mission

The purpose of Precious Virtue is to empower adolescent girls and single moms to thrive in leadership, relationships, and life while preparing them for post-secondary options, fulfilling careers, and empowering them to become catalysts for positive change in their communities.

We achieve this through many efforts and initiatives, such as our community partnerships, our values curriculum, field explorations, community service outings, and individual and group mentoring.
